WHAT MENTORS DO

When a child experiences the loss of an adult loved one, it affects the entire family. They may have a hard time adjusting to a change in their family structure or feel uneasy about explaining this situation to peers and adults.

A mentor provides regularly scheduled activities with their mentee. Mentors can participate in recreational, educational, cultural activities, or just provide a listening ear—whatever is needed. A mentor is a positive outlet for a mentee adjusting to changes within the family structure. Mentors commit to spending four hours per month (weekly or bi-weekly) with a mentee and one year in the program.

WE HELP YOU TO HELP THEM

Seton's Mentoring staff ensures that mentors are well prepared before being matched with a mentee. Mentoring staff receive ongoing training and guidance from professional program staff prior to meeting their mentee and throughout the entire match period.

ABOUT SETON'S MENTORING PROGRAM

Seton's Mentoring Program is FREE and available to youth 4-18 years of age, especially those who have been affected by the incarceration (past or present) of a parent or adult loved one. The Mentoring program services all eligible mentees who live in the Hampton Roads area. Each child is paired with a volunteer adult mentor who serves as a positive role model.
